HELP PROVIDE TECHNOLOGY TO BERMUDA STUDENTS IN NEED
The island will recover from the Covid-19 pandemic, but we need to make sure no student is left behind.

WHAT
The Covid-19 pandemic has highlighted the increased need for digital learning tools. In partnership with the Mirrors Programme and the Bermuda Community Foundation, Lighthouse Connect aims to supply all Bermuda public school students with laptops to address the disruption caused by the pandemic while also contributing to long term learning.

WHY
Lighthouse Connect has been started by Legal & General Reinsurance in response to the business community's desire to contribute to the purchase of technology resources in a coordinated and cohesive manner. Ministry of Education-approved laptops that are most suitable for students and teachers will be procured in stages as funds are raised and distributed in order of need.

HOW
Please email lighthouse@landg.bm for details on how to contribute or visit the links below.

- Standard donations
- US taxpayer donations

Distribution will be handled by the Mirrors Programme in conjunction with the Department of Education.
